INTRODUCING SG[NORDIC-BALTIC] 2026

BUSINESS FINLAND SPACE BUSINESS FORUM 14.11.2025

About SGAC

The Space Generation Advisory Council (SGAC) is a global non-governmental, non-profit organisation and network which aims to represent university students and young space professionals ages 18-35 to the United Nations, space agencies, industry, and academia.

Through events, scholarships, project groups, and other professional development opportunities, SGAC engages over **30,000 members across 165 countries**.

SGAC was conceived at the Third United Nations Conference on the Exploration and Peaceful Uses of Outer Space (UNISPACE III) in Vienna in 1999.

SG[Nordic-Baltic] Event Overview

SG[Nordic-Baltic] is an event for young professionals and students in the Nordic and Baltic space sectors. Delegates connect with each other and industry through keynote talks, hackathons and networking events.

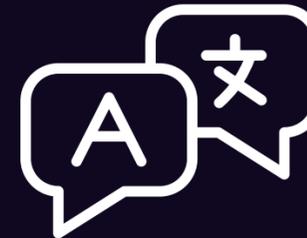

19th January 2026
Full-day event

60-80 delegates
between ages of 18-35

Helsinki region,
Finland

Language: English

Organised in conjunction with the [Winter Satellite Workshop 2026](#), the largest space event in Nordics and Baltics which takes place **20-23 Jan. 2026**. Registration for the Winter Satellite Workshop is free of charge.

SPACE GENERATION
ADVISORY COUNCIL

Event Objectives

With the theme **Igniting Northern Partnerships**, this event aims to spark collaboration and innovation across the Nordic and Baltic NewSpace communities.

At this event you get the opportunity to:

Connect with young professionals and students in the region

Provide delegates with insight into the region's space sector and its possibilities

Ignite new collaborations

Partnership Experiences

Previous partners included key players in the Nordic-Baltic space sector, ranging from **academia and public institutions** to **private enterprises** and **international partners**, fostering collaboration across all levels of the space ecosystem.

“SG Nordic-Baltic brought us inspiring discussions with talented students and young professionals, helping us connect with the next generation shaping the global space sector.” - Universe Partner

“As a Universe Partner, we valued SG Nordic-Baltic as a dynamic platform to meet emerging talent and present ourselves as an approachable, innovative company.” - Universe Partner

“The event allowed us to strengthen ties to the local community while engaging with motivated young professionals eager to grow the Finnish space ecosystem.” - Galaxy Partner

“We loved the passion and entrepreneurial spirit of the participants—SG Nordic-Baltic truly showcased the exciting future of New Space in the region.” - Other Partner

SPACE GENERATION
ADVISORY COUNCIL

“We were impressed with the energy and ambition of young professionals and great platform for building our next generation of space engineers.” - Star Partner
