

# SG[Nordic-Baltic] 2026

**Monday 19.1.2026 at 8.30 – 18.00**

Registrations are now open for the SG[Nordic-Baltic]! Join us on the 19th of January, 2026, in Helsinki, Finland, for the second edition of SG[Nordic-Baltic].

SG[Nordic-Baltic] is a one-day event, taking place on **19th of January 2026** at Dynamicum, hosted by FMI, and bringing together space students and young professionals. The delegates will have the opportunity to network, listen to keynote talks and panels from leading voices in the space sector, and drive discussions on critical topics in a workshop. The event is open to all space students and young professionals (aged 18-35) regardless of nationality, but the focus of the event topics will be on the Nordic-Baltic region.

Tickets for the event are sold on a first-come first-served basis, so make sure to get yours soon
